

**VCF-500**  
Accessory: Side Mill Cutter Insert SPUN 422

ORDER NO.	CODE NO.
VCF-500	1023-001
VCF-500W	1023-002
VCF-500F	1023-003

## PRACTICAL

- A. UNIVERSAL APPLICATION.
- B. SIMPLIFIED OPERATION.
- C. FAST-ACCURATE-RATIONAL.
- D. TIME SAVED.

**VCF-500W**  
Accessory: Grinding Wheel  
100Øx50x17Ø

## FEATURES FOR VCF-

1. Simplified operation, suitable for unskilled personnel.
2. Easily to be bevelled for any length made of steel, cast iron, nonferrous metals, plastics, acrylic etc.
3. 500 : With exchangeable carbide inserts, knife can be changed easily to decrease cost and increase working ability.
4. 500W: With taper wheel or flange hot-processed parts also can be bevelled or chamfered.
5. 500F : Working base on surface milling principles, the deburring processing surface is same as the milling machine surface.

**VCF-500F**  
Accessory: Face Milling Cutter  
Insert SEKN 1203

## TECHNICAL DATA

	500	500W	500F
Space requirement	500	500W	500F
	500x320m/m	500x440m/m	500x220m/m
Weight(kgs)	28.5	29.1	29
Voltage	3Ø 220V or 1Ø 110V/220V 50HZ/60HZ 3Ø 380V/415V		
Motor output	0.7KW		
Speed	3500 r.p.m		
Length of guide rails	500m/m	500m/m	500m/m
Height of bevel	0-3m/m		
Bevel angle	15°~45° (Changeable)	45°	45°

PLEASE NOTIFY VOLTAGE & PHASE, WHEN YOU ORDERING.
